## Leaving your job?

Your Fidelity Health Savings Account (HSA) isn't going anywhere. Even if you are.

## Here are 3 things about your HSA to keep in mind:

Your HSA is an account that you own—it goes with you wherever your life and career go.

You can still use your HSA to pay for qualified medical expenses—now and in the future, including retirement.

You can still contribute to your HSA—you just need to be enrolled in an HSA-Eligible Health Plan.
